Have you paid your subscription? There is a large amount due us, and new that the crops will soon be sent for- Mail closes at 7:30 A. M. ward, we hope no one will fail to pay his dues to the Press and Banner.

The fall season is rapidly approaching and our merchants are making room for their stocks, in anticipation of a thriving trade. Heavy purchases are being de. Competition is the life of trade. Several parties have been arrested on charges of implication in the Trenton-jati-breaking-and-negro-killing. They have been taken to Memphis and lodged in jail.

Now that our cotton crop has been ent so short it is a matter of congratulation that our people owe much less for fertilizers than at this time last year.

The September return of the department of agriculture shows a large falling off in the prospects of the cotton crop. The decline in the various cotton States varies from 9 to 47 per cent. In South Carolina it is rated at 13 per cent.

up here. In your last sentence should not the word "fair" be capitalized?

A despatch has been received from W. B. Dana, Esq., one of the publishers of the Financial Chronicle, stating that the crop figures, which we published Thursday, were found to be incorrect -the crop of 1873-4 being 4,170,388 instead of 4,185,534. It was stated that Mr. Charles J. Miller, of Savannah, would be the winner of the Augusta pool, if the crop was as first reported, but it has since appeared that Mr. C.

W. Hancock, of Americus, estimated nearer to those figures than Mr. Miller, his estimate being 4,185,562, which is only 25 bales above 4,185,584 bales. Mr. Lee Howard, of Charleston, is now said to be lucky winner of the pool, his estimate being 4,167,875, which is only 513 that he ordered five thousand troops bales less than the amount of the crop to the scene of disturbances, and should

as reported yesterday, 4,170,388 bales. The New York Journal of Commerce the whole General Government.
